### FEATURES

- User friendly Windows operating system with touch screen and large LCD display
- 8-channel optical fiber system
- Bichromatic measurement including 4 PL method for Quantitative tests
- Storage Capacity: 100 test protocols and 10,000 Sample records
- Auto self-check, Lamp sleeping and wake-up function
- Multi-assay: Up to 12 different assays on one plate
- In-built thermal printer for printing test results
- Easily Programmable for Qualitative & Quantitative tests
- Multiform result output including patient comprehensive report
